io/

SKILLS

- Programming Languages:
[Java, C#, C, JavaScript, HTML,
CSS]
- Frameworks:
[Spring Boot, React, Vite, Node.js]
- Database Management:
[MySQL, Oracle, NoSQL]
- Software Development Concepts:
[Agile methodologies, Object-
Oriented, Programming (OOP),
Microservices, MVC Architecture]

LANGUAGES

- Sinhala
- English

Technical Tools

- GitHub
- VS Code , IntelliJ
- Android Studio
- Postman
- Figma

Yasith Pasindu

UNDERGRADUATE SOFTWARE ENGINEER

PROFILE

Software engineering student at NIBM with two years of academic experience. Skilled in programming, database management, and frameworks like Spring Boot and Node.js. Passionate about learning, problem-solving, and developing creative solutions.

EDUCATION

Higher National Diploma in Software Engineering

National Institute of Business Management (NIBM), Colombo 07

Expected Graduation: 2026

Diploma In Software Engineering (Completed)

National Institute of Business Management (NIBM), Colombo 07

Foundation In Software Engineering (Completed)

National Institute of Business Management (NIBM), Colombo 07

CERTIFICATIONS

- Oracle Academy Database Design Certification – [2024]
- Adobe Photoshop Certification – [2022]
- Software Engineering Foundation – [2022]

PROJECTS

Learning Management System (GROUP)

Tools & Languages applying Microservices, Vscode, React, MySQL and Java

As part of a group project, we developed a learning platform that included tests and previous papers.

- Contributed by developing the bookmark list feature, user profile settings and implemented user's authentication.

Textile Management System (GROUP)

Tools & Languages C#, Visual Studio, SQL Server and Crystal Reports were utilized.

We worked together to develop a textile system for tracking inventory, managing employees, and reporting sales.

- Contributed by creating integrated Crystal Reports, customer management, and stock list management process.

Event Management System

Tools & Languages applying Java, MySQL Server and NetBeans, an event management System was created to manage scheduling and attendee registration. designed and implemented effective backend functionality using Java, SQL and NetBeans.

Soft Skills

- Problem Solving
- Team Work
- Time Management
